

ACTION ON PEACE IS HALTED WHILE SENATORS DEBATE

League of Nations and Versailles Treaty Are Assailed in Lengthy Speeches.

Neither the peace resolution nor the navy appropriations bill will be received by the President before his departure today for the Raritan residence of Senator Frelinghuysen, Republican, of New Jersey, unless the Senate applies the accelerator to its legislative machine.

This may be regarded as highly improbable as several Senators noted as long-distance speakers are planning to discuss both measures at length.

When the Senate met at 11 o'clock, an hour earlier than the customary noon hour, the peace resolution was made a vehicle for another pungent debate on the League of Nations and the Treaty of Versailles.

The belief is entertained by Senate Republicans, irrespective of their attitude toward the League of Nations issue, that the President will make no immediate move toward submitting a treaty of peace to the Senate after he approves the resolution.

The conference report on the navy appropriations bill, on which the Senate conferees, after consultation with Senate Republican leaders, surrendered completely to the House's insistence upon almost the complete elimination of the Senate increases aggregating nearly \$100,000,000, will probably not be taken up until the peace resolution is disposed of finally.

U. S. IS GAINING ON VET CLAIMS FOR INSURANCE

Steady headway is being made in clearing up the thousands of compensation and insurance claims of former soldiers, it was announced today by Director C. R. Forbes, of the War Risk Bureau.

In the last three months, he announced, a reduction of 29,476 has been effected in the number of pending claims. New claims are being filed at the rate of 700 to 800 daily.

CHEW WAS QUEER AFTER WAR INJURY, CAPTAIN ASSERTS

Marine Corps Officer Testifies Accused Acted Irrational at Times.

NEW YORK, July 1.—Capt. Herbert Rose, United States marine corps, now stationed at the marine barracks, Quantico, Va., recalled by the defense in the court-martial of Capt. Chester Raymond Chew, at Governors

Island, testified yesterday that he met Mrs. Marjorie B. Chew in California in November, 1915, and that he knew her at that time as Jean H. Sothorn, moving picture actress. He also knew her as Marjorie Brannan—her maiden name—he declared.

Mrs. Chew, then Miss Brannan, "casually" told him in conversation at San Francisco that she was co-star with Theda Bara in several films. Miss Brannan showed him clippings from newspapers giving criticisms of those plays, Captain Rose testified. On cross-examination he said that she had never mentioned "June Brides" or the "Virginia Girl," the films previously mentioned by her manager, Jules Larvett, as the only pictures that she had ever starred in that were produced.

Captain Rose also told of meeting Captain Chew in Washington the following July. The captain at that time, throughout a close friendship of several months, always appeared to

him to be rational and a gentleman, Captain Rose stated. Since the war, he told the court, Captain Chew's conduct has been just the opposite, and it was the contrast that "attracted" him to give voluntary testimony in behalf of the accused.

Lieut. Thomas R. Jennings, of the Twelfth Infantry, testified that he had several tours of special guard duty at Camp Meade while Captain Chew was confined to his quarters last fall on the charges of forgery and other offenses, for which he is facing trial. The defendant, he said, was irritable and slept poorly, and in conversation was incoherent. Mrs. Chew was a frequent visitor, the lieutenant stated, and Captain Chew quarreled often with her. On cross-examination, he said that he thought Mrs. Chew sometimes showed anger.

THIN PEOPLE NEED BITRO- PHOSPHATE

All that most weak, nervous, thin, mentally-depressed people need is ten grains of pure organic phosphate with each meal for a few weeks. That's what nerve specialists in London, Paris and New York are prescribing with wonderful results.

It is natural food for nerve and brain cells and is known to such reliable pharmacists as Peoples Drug Stores as Bitro-Phosphate. Because of its power to help create healthy flesh and strengthen weak nerves, much of it is being sold to people who are lacking in vitality.

CAUTION: Although Bitro-Phosphate is an excellent aid in relieving weak, nervous conditions, its use is not advised unless increased weight is desired.

Writes Letter That Is Worth Reading Very Carefully.

Peterson's Ointment Co., Inc., Buffalo, N. Y.: "I was afflicted with a very severe sore on my leg for years. I am a teamster. I tried all medicines and salves, but without success. Finally, Peterson's Ointment was recommended to me and by its use the sore was entirely healed. Thankful, yours, William Haas, West Park, Ohio, March 22, 1918, care P. G. Reitz, Box 109."

Peterson says: "I am proud of the above letter and have hundreds of others that tell of wonderful cures of Eczema, Piles and Skin Diseases."
